

Pricelist 2024

Coatesmans CDR4 DevilFish

New to 2024 the CDR4 Devilfish is the next step in bridging the gap between std Rob Allen spearguns and big blue water guns. Utilising the same tried and tested Rob Allen Vecta2 handle, with the custom Step Up hybrid carbon & timber barrel.

The CDR4 Devilfish uses a 8mm & powered by twin 14mm bands.

| | |
|----------------------------------------------------------------------------------|------------|
| 110 CDR4 Devilfish Hybrid Carbon & Timber (8mm/14mm) – Complete incl reel & Line | R13,434.40 |

| 130cm CDR4 Muzzle Kit + 85cm 14mm Double Roller Rubbers - Hand Load Bridle | R6,205.40 |

Coatesmans CSR1 Stinger

The CSR2 Stinger is the second edition on the ultra compact light weight single roller.
This solves the problem of small rollerguns lack of buoyancy & being muzzle heavy.
The Stinger range uses the ultra strong Rob Allen Xe carbon barrel & proven Vecta2 grip & mechanism.

CSR2 Stinger using clear RA XE carbon barrels

| | |
|---------------------------------------------------------------------------|-----------|
